

Glimmerstone Artifacts

Three masterworks of deep gnome artifice

BOOMSTICK

Weapon (repeating pistol), Spell Focus, Arcane Firearm. Rare (requires attunement by an Artificer)

“It doesn’t jam. It doesn’t misfire. It simply states its opinion, loudly.”

- **Repeating Pistol, +2.** You gain a +2 bonus to attack and damage rolls made with this magic firearm. It deals **1d10 thunder damage** and never needs reloading or ammunition; its clockwork drum conjures its own rounds.
- **Wand of the War Mage.** While holding Boomstick, you gain a **+2 bonus to spell attack rolls**, and you **ignore Half Cover** when making a spell attack. This also improves your Eldritch Cannon’s attack rolls, since they use your spell attack bonus.
- **Spell Focus and Arcane Firearm.** Boomstick serves as your artificer spellcasting focus, and as your Arcane Firearm: you can add **1d8 to one damage roll** of an artificer spell you cast through it, dealt as thunder damage.
- **Concussion Infusion.** When a creature takes damage from a spell you cast through Boomstick, it takes an additional **+2 thunder damage** and **can’t take Reactions** until the start of its next turn (the disorienting boom).

Made to Channel

When you cast *True Strike* through Boomstick, the shot uses your *Intelligence*, counts as a spell attack (gaining the +2 and ignoring *Half Cover*), and deals Boomstick’s thunder plus *True Strike*’s radiant. A reliable scaling shot that leaves your bonus action free for other attacks.

THE AWAKENED ESSENCE SPHERE

Wondrous Item, Rare (requires attunement). Mote Channeling

“It was never a keepsake. It was a key, and it is finally awake.”

The Sphere has spent the whole journey quietly pulling loose motes from the air. Now awakened, it holds a swirling jumble of collected aether that powers it from the start, and as you clear each elemental rift and install its pure Mote, the Sphere learns that plane’s mighty discharge.

- **Mote Channeling.** You can use the Sphere’s powers a total of **2 times per short rest** (a shared pool). You start with the base **Aether Ward**, and unlock one elemental discharge each time you install a rift’s Mote. Save DC 16 where noted.

Base Power: Collected Aether

- **Aether Ward.** *Action.* You and each ally within 15 ft gain **2d8 + your Intelligence modifier** temporary hit points as the gathered motes form a protective shell. (Available from the start.)

Elemental Discharges (unlock as you install each Mote)

- **Fire / Ignis, Cinderstorm (LOCKED).** *Action.* A 40-ft-radius firestorm within 120 ft. Dex save: **8d6 fire**, half on a success. The area becomes **burning terrain** until the start of your next turn: difficult terrain, and any creature that enters it or starts its turn there takes **2d6 fire**.
- **Water / Unda, Drowning Surge (LOCKED).** *Action.* A 30-ft cone of crushing water. Con save: **6d8 cold**, half on a success; on a failure the creature is **knocked prone** and its speed is **halved** until the end of its next turn.
- **Air / Aer, Cyclone (LOCKED).** *Action.* A 30-ft-radius whirlwind within 120 ft. Str save: **6d8 thunder**, half on a success; on a failure the creature is **flung 20 ft and knocked prone**.
- **Earth / Terra, Tectonic Slam (LOCKED).** *Action.* A 20-ft-radius eruption within 120 ft. Dex save: **7d8 force**, and creatures that fail are **knocked prone**. The area becomes a **Jagged Field** until your next turn: difficult terrain that deals **5 piercing damage for every 5 ft** a creature travels through it, and you and your allies in the area have **Half Cover** from the raised stone.
- **Shadow / Umbra, Soul Siphon (LOCKED).** *Action.* One creature within 60 ft (or split the dice among up to three). Con save: **8d6 necrotic**, half on a success. You regain hit points (or grant them to an ally within 30 ft) equal to **half the necrotic damage dealt**.

Each discharge marked (LOCKED) unlocks when you clear that rift and install its Mote. The menu grows as the campaign goes.

“An upgraded Eldritch Cannon, rebuilt at the bench into a faithful guardian.”

THE SENTINEL

Medium Construct

AC 18

HP 5 + five times your artificer level (40 at level 7; it has a number of Hit Dice [d8s] equal to your artificer level)

Speed 30 ft.

	MOD	SAVE		MOD	SAVE		MOD	SAVE
Str 14	+2	+2	Dex 10	+0	+0	Con 16	+3	+3
Int 4	–3	–3	Wis 12	+1	+1	Cha 6	–2	–2

Immunities Poison; Charmed, Exhaustion, Poisoned

Senses Darkvision 60 ft., Passive Perception 11

Languages understands the languages you know

Duration active until it drops to 0 HP or you dismiss it (no Action); deploy or recall as a Bonus Action

TRAITS

Bound Construct. Add your Proficiency Bonus to any ability check or saving throw the Sentinel makes.

ACTIONS

Activate. On your turn you can use a Bonus Action to activate the Sentinel. When you do, it takes one of the following actions of your choice:

Force Blast. *Ranged Attack Roll:* your spell attack modifier, range 120 ft. *Hit:* 2d8 + your Intelligence modifier Force damage.

Flame Cone. Each creature in a 15-foot Cone makes a Dexterity saving throw (DC 16), taking 2d8 + your Intelligence modifier Fire damage on a failure, or half as much on a success.

REACTIONS

Guardian Protocol (1/round). *Trigger:* an ally within 15 feet of the Sentinel takes damage. *Response:* that ally gains 1d8 + your Intelligence modifier Temporary Hit Points.

Forged by the masters of Glimmerstone. Each item requires attunement.
