

Ursa Catchum

Human (Mark of Handling) • Druid (Circle of Stars) • Level 7

The starwatcher. Ursa reads the night sky like a map, calls down starlight and beast-spirits, and spent a year walking his father's trail east. Now the omens come to him in dreams.

ARMOR CLASS	HIT POINTS	SPEED	INITIATIVE	SAVE DC	SPELL ATK
18	52	30 ft	+2	16	+10
STR	DEX	CON	INT	WIS	CHA
8	14	14	12	20	8
-1	+2	+2	+1	+5	-1

WIS powers all his magic.

Str save -1	Dex save +2	Con save +2	Int save +4	Wis save +8	Cha save -1
-------------	-------------	-------------	-------------	-------------	-------------

All of Ursa's Skills

Acrobatics +2	Athletics -1	Insight +5	Medicine +5	Performance -1	Sleight of Hand +2
Animal Handling +8	Deception -1	Intimidation -1	Nature +1	Persuasion -1	Stealth +2
Arcana +1	History +1	Investigation +1	Perception +8	Religion +1	Survival +8

Purple = trained. Best: Animal Handling, Perception & Survival +8. Passive Perception 18, almost nothing sneaks past him.

What Ursa Does in a Fight

Attack	To Hit	Damage
Thorn Whip (cantrip)	+10	2d6+5 piercing, 30 ft, and drag it 10 ft toward him
Guiding Bolt (1st, from Staff or Star Map)	+10	4d6 radiant + 1d8 (Starseed); next hit on it has advantage
Star-Arrow (Starry Form: Archer)	+10	1d8+5 radiant, one enemy within 60 ft (bonus action)
Starry Wisp (cantrip)	+10	2d8 + 5 radiant + 1d8 (Starseed); lights up the target (60 ft)
Conjure Animals (the pack)	DC 16 Dex	3d10 slashing per enemy it reaches; moves 30 ft free when he moves

While his Starry Form glows, the Amulet of Guiding Light gives +1 to attacks and saves to every FRIEND within 30 ft (allies only, not Ursa himself): a party buff on top of his own +10.

How Ursa's turn works: pick **one bonus-action move** each turn: fire his **Starry Form** star-arrow (Archer, 1d8+5) OR command a **summoned spirit**, not both. **Free Guiding Bolts:** about **10 a day** for free (5 from the Star Map, up to 5 from the Staff) before he spends a slot.

Ursa's Summoned Spirits

Bestial Spirit: Summon Beast (2nd)

AC 13 HP 30 (20 if Air) Speed 30 ft
Pick Air, Land, or Water: Air flies 60, Land climbs 30, Water swims 30.
Maul/Rend: +8 to hit, **1d8+6** damage, **1 attack**.
Flyby (Air): no opportunity attacks. Great scout & striker.
Shares Ursa's turn; obeys his commands for free.
Cast with a 3rd-level slot: AC 14, HP 35 (25 Air), 1d8+7, still 1 attack.
Cast with a 4th-level slot: AC 15, HP 40 (30 Air), 1d8+8, and **2 attacks a turn**.

Fey Spirit: Summon Fey (3rd)

AC 15 HP 30 Speed 30 ft, fly 30 ft
Fey Blade: +8 to hit, **2d6+6 force**, **1 attack**.
Fey Step: teleport up to 30 ft, then its mood triggers:
Fuming: advantage on its next attack this turn.
Mirthful: foe within 10 ft, Wis save DC 16 or Charmed.
Tricksy: fills a 10-ft cube with magical Darkness.
Cast with a 4th-level slot: AC 16, HP 40, 2d6+7, and **2 attacks a turn**.

Both grow with the slot he spends, and **4th level** is the jump worth paying for: that is where either spirit starts making **two attacks a turn**.

Spells at a Glance ([] = one slot, check it when spent; full rules on page 3)

Cantrips at will	Starry Wisp, Thorn Whip, Guidance, Druidcraft
1st [] [] [] []	Healing Word, Entangle
2nd [] [] []	Summon Beast, Spike Growth, Lesser Restoration
3rd [] [] []	Conjure Animals, Summon Fey, Plant Growth, Revivify
4th []	Polymorph, Ice Storm
free at will	Guiding Bolt & Guidance (Star Map) • Animal Friendship & Speak with Animals (his Mark) • Faerie Fire & Moonbeam (Staff charges)

Ursa Catchum

Page 2: Powers & Gear

Ursa's Special Powers

★ Reader of Omens (the year on his father's trail)	Omen Dreams. After a long rest, roll two d20s and write them down: those are the day's omens. When he or anyone he can see is about to roll a d20, he can replace that roll with one of his dreamed numbers (no action, before the roll). Each is used once. Both Omens. He has both Weal and Woe every day now, not one or the other. Read the Moment. He can use his Cosmic Omen reaction after the die is rolled , before anyone knows if it worked, then choose Weal or Woe. Shared Tides. One pool of 5 uses per long rest, spent on either. The Stronger Tide. His omens hit harder than an ordinary star-druid's: Weal adds 1d6 + 2 and Woe subtracts 1d6 + 2 .
Starry Form (Bonus Action)	Spend a Wild Shape use to glow with starlight (10-ft bright light, 10 min). Pick a constellation each time:
• Archer	Bonus action: fire a star-arrow at one enemy within 60 ft for 1d8+5 radiant .
• Chalice	When he heals someone with a spell slot, he or a nearby friend also heals 1d8+5 .
• Dragon	Treat a roll of 9 or lower as a 10 on Int/Wis checks and concentration saves, super steady.
Wild Shape (3/long rest)	Three uses that fuel his Starry Forms (or turn into a beast he has seen). Regain 1 on a short rest, all on a long rest.
Wild Resurgence	Once per turn (no action), spend a spell slot to get back one Wild Shape use. Once per long rest, the reverse: spend a Wild Shape use to regain a 1st-level spell slot.
Star Map	His star chart is a magic focus. Free Guiding Bolt 5×/day even without the Staff. Backup focus he still carries.
Cosmic Omen (new at 6!)	Reaction. When someone he can see within 30 ft rolls a d20, he can wait until the die lands and bend it then, before anyone knows if it worked: Weal +1d6+2 or Woe -1d6-2 (the waiting and the bigger numbers are both Reader of Omens). 5 uses per long rest.
Elemental Fury (new at 7!)	Potent Spellcasting: add +5 (Wis) to the damage of any druid cantrip . (House rule: it can ride the kindled staff once a turn instead, never both in the same turn.)
Wild Intuition	Add 1d4 to any Animal Handling or Nature check.
Primal Connection (1/short rest)	Cast Animal Friendship or Speak with Animals for free, no materials.
The Bigger They Are	Can charm or talk to beasts AND monstrosities (if their Intelligence is 3 or lower).
Mark of Handling	His dragonmark lets him read animals' feelings and calm wild or magical creatures with ease.

Ursa's Stuff

Staff of Waking Constellations (new! ★ Elaria's gift)	His Wraithpine relic, awakened at his father's shrine . +2 quarterstaff & druidic focus . Holds 5 charges (regain 1d4+1 at dawn): <i>Guiding Bolt</i> (1), <i>Faerie Fire</i> (1), <i>Moonbeam</i> (2). Starseed: once a turn, when a druid spell deals radiant damage, add +1d8 radiant . Starlight: bonus action to light a soft 10-ft glow and get advantage on night-navigation. Attuned.
Ash's Sigil-Stone (new! found on the trail east)	A river-smooth stone etched with a half-finished sign of Elaria, in his father's own hand . Aura of Vitality free once a day (no slot): an action to light a 30-ft aura, then 2d6 healing to one creature in it right away and again at the start of each of his turns, costing him no action to keep going. Concentration , up to 1 minute, so no summon at the same time; out of a fight, just run the whole minute. 2 charges for the visions (back at dawn), a magic action each: Ask the Day (one truthful yes or no, or silence), Glimpse the Trail , or Read the Heart . (No attunement.)
Wand of the War Mage +2 (new! Lilly made this for him)	A slim rune-cut wand she spent the year building. While he is holding it , every spell attack he makes gets +2 to hit (his Starry Wisp, his Guiding Bolts, and his star-arrow all go to +10), and he ignores Half Cover . Attuned. (He holds the staff in one hand and the wand in the other.)
Star Map	A Tiny star chart that doubles as a spellcasting focus. Free <i>Guiding Bolt</i> 5×/day. (Backup focus.)
Amulet of Guiding Light	Guiding Light: during Starry Form, his allies within 30 ft get +1 to attacks and saves (allies only, not Ursa). Starry Glow (1/day, reaction): when he or a nearby ally is hit, the attacker takes 2d8 radiant and may be blinded (Con save DC 15). Celestial Resilience (2/day): reroll a natural 1.
Spiked Armor & Shield	Dwarf-made spiked armor plus a shield, together they make his AC 18 .
Explorer's Pack	Backpack, bedroll, mess kit, tinderbox, 10 torches, 10 days of rations, waterskin, 50 ft of rope.
Three Enchanted Potatoes	His mysterious quest trinket, the strange spuds tied to his father's disappearance.

Ursa Catchum

Page 3: Spellbook

Slots per day: 4 first-level, 3 second-level, 3 third-level, 1 fourth-level. Cantrips (★) are free forever. He prepares **11** spells and can rebuild that whole list from scratch on every long rest (2024 druids swap freely, not one at a time); the ones marked free come from his Star Map, his Mark or his Staff and do not use up a prepared slot. Spell save DC 16 (the wand does not change it), spell attack +10 holding the wand, +8 without.

★ Thorn Whip Cantrip • Action • 30 ft • Instant A thorned vine lashes out. Melee spell attack +10 at up to 30 ft: 2d6+5 piercing, and if the target is Large or smaller he can drag it 10 ft toward him. <i>The drag is the point: haul something into his Conjure Animals pack, across Spike Growth, or off a friend. Starry Wisp hits harder; use this when he wants something MOVED.</i>	★ Starry Wisp Cantrip • Action • 60 ft • Instant Ranged spell attack +10 to hit: 2d8 radiant + 1d8 (Starseed). The target glows (dim light) and can't turn invisible until the end of his next turn.
★ Guidance (free: Star Map) Cantrip • Action • Touch • Concentration, 1 min Touch a willing friend. Once before it ends, they add 1d4 to one ability check (can roll the d4 after seeing the result). Great before a tricky skill roll.	★ Druidcraft Cantrip • Action • 30 ft • Instant Tiny nature magic: predict the next 24 hr of weather, bloom a flower, make a harmless sound/smell in a 5-ft cube, or light/snuff a small flame. Pure utility & flavor.
Guiding Bolt (free: Star Map, 5×/day) 1st • Action • 120 ft • 1 round (Star Map: free 5/day) Ranged spell attack +10 to hit. On a hit: 4d6 radiant + 1d8 (Starseed). The next attack against that target before Ursa's next turn has advantage, set up a teammate.	Faerie Fire (free: Staff, 1 charge) 1st • Action • 60 ft • Concentration, 1 min Foes in a 20-ft cube make a Dex save DC 16; on a fail they're outlined in light. Attacks vs them have advantage, and they can't hide/be invisible.
Conjure Animals (his big damage spell) 3rd • Action • 60 ft • Concentration, 10 min A ghost-pack that moves 30 ft free whenever he moves (no action). Any enemy it sweeps within 10 ft of, or that enters or ends its turn there: Dex save DC 16 or 3d10 slashing, once each per turn. 4th slot: 4d10. <i>The pack OR a summon.</i>	Healing Word 1st • Bonus Action • 60 ft • Instant Heal one creature you can see 2d4+5 HP, as a bonus action, so he can still cast or attack the same turn. Best for popping a downed friend back up from range.
Entangle 1st • Action • 90 ft • Concentration, 1 min Grasping plants fill a 20-ft square: difficult terrain, and everyone inside makes a Str save DC 16 or is restrained (whole action + DC 16 Athletics to tear free). Cheap, and it stops a charge cold.	Speak with Animals (free: his Mark) 1st • Ritual • Action • Self • 10 min Talk with beasts for 10 min: they can describe nearby places, monsters, and what they saw in the last day. Cast as a ritual (no slot) when there's no rush.
Animal Friendship (free: his Mark) 1st • Action • 30 ft • 24 hr One beast (Int 3 or lower) makes a Wis save DC 16; on a fail it's charmed and friendly for 24 hr. With "The Bigger They Are," he can target dumb monstrosities too.	Moonbeam (free: Staff, 2 charges) 2nd • Action • 120 ft • Concentration, 1 min A 5-ft pillar of light. A creature that enters it or starts its turn there makes a Con save DC 16: 2d10 radiant + 1d8 (Starseed) on a fail, half on a success. Move it 60 ft each turn as part of the spell.
Plant Growth 3rd • Action • 150 ft • Instant Every plant in a 100-ft radius erupts: anything moving through spends 4 ft of movement per 1 ft. No save, no concentration, and he can leave clear lanes, so his friends walk while everything else wades. Needs real plants.	Spike Growth 2nd • Action • 150 ft • Concentration, 10 min A 20-ft circle sprouts hidden thorns: difficult terrain, and 2d4 piercing per 5 ft moved through it. It looks like ordinary ground until someone is bleeding. Drop it between himself and whatever is charging: they either wade through it or go the long way round.
Lesser Restoration 2nd • Bonus Action • Touch • Instant Touch a friend and end one of these: blinded, deafened, paralyzed, or poisoned. The answer to the boss blinding someone or a spider's venom locking a friend down.	Summon Beast 2nd • Action • 90 ft • Concentration, 1 hr Calls the Bestial Spirit (full stats on page 1). It acts right after Ursa on his initiative and obeys his commands for free. His go-to summon, a sturdy front-line ally that lasts a whole hour.
Ice Storm 4th • Action • 300 ft • Instant (no concentration!) A 20-ft-wide hail patch from far away: Dex save DC 16 for 2d10 bludgeoning + 4d6 cold, half on a success, and the ground stays difficult terrain. His big blast that leaves his concentration free.	Revivify 3rd • Action • Touch • Instant (300 gp diamond) Touch a friend who died within the last minute and bring them back with 1 HP. The single most important spell he owns. Keep the diamond.
Polymorph 4th • Action • 60 ft • Concentration, 1 hr Turn a creature into a beast. Foe: Wis save DC 16 or it becomes a harmless animal. Friend: huge, with temp HP equal to the beast's whole HP.	Summon Fey 3rd • Action • 90 ft • Concentration, 1 hr Calls the Fey Spirit (full stats on page 1). Faster and hits harder than the beast, with a mood power (Fuming/Mirthful/Tricksy) and a 30-ft teleport. Acts on Ursa's turn and obeys him for free.

Ursa Catchum

Page 4: Story & Personality

Ursa's Story

Ursa grew up under the wide, dark skies of a quiet farming village, raised on his father’s tales of the stars and the secrets they keep. His father, a wandering sky-reader and beast-friend who carried the **Mark of Handling**, vanished one night chasing a mystery tied to a handful of **enchanted potatoes**, leaving Ursa only a star chart and a promise to follow it. Ursa studied the constellations until he could call their light down to earth, becoming a **Druid of the Circle of Stars**. Determined to find out what happened to his father, he set out and crossed paths with **Lilly** and her Essence Sphere, and the wild goblin **Stabby**. The three became an unlikely family, chasing planar cracks, enchanted potatoes, and the guiding hand of the sleeping goddess **Elaria**.

Two years on, Ursa has read the sky over half of Elaria: haunted forests, a drowned ship, the bell-towers of Wraithpine where the chest gave him his **Staff of Waking Constellations**, and the Rift Hall of Gearhaven, with gentle **Floraburst** becoming **Ghostbloom** along the way. In the year apart he went east, alone, carrying his father's field notes: eleven months of walking, a country with no sky crossed cairn to cairn, and at the end of the road his father's camp, empty for only **three years, not nine**. Under a flat rock he found a river stone carved with half of Elaria's star, and it has been warm ever since. On his eighth night at the old shrine the clouds broke, **Elaria showed him three things**, and he walked home a **Reader of Omens** carrying a word from his father's notes: **Betelgeuse**, the first star to go out.

Personality Determined and resilient. Quiet and watchful, but never gives up. “I won’t stop until I find the answers.”	Ideal: Fate The stars guide every destiny, and his path is part of a greater cosmic plan. “The stars have written my path, and I will follow it.”
Bond: His Crew Fiercely loyal to Lilly and Stabby, his new family. “Together, we will uncover the truth and face whatever comes.”	Flaw: Fear of Failure He worries he can’t live up to his father’s legacy, which can make him hesitate or push too hard. “What if I’m not strong enough?”

***Fun Facts:** Ursa is a boy, follows the dragon-god Bahamut, and was a Folk Hero before adventuring. • Auburn hair, purple eyes, freckles, and a fur-lined cloak for cold nights. • He speaks Common, Sylvan, and Druidic (a secret nature-language for hidden messages).*
