What Stabby Does in a Fight

Attack	To Hit	Damage
Candyfang Katana +1	+9	1d10+6 slashing + 2 cold
Unarmed Strike (fist/foot)	+8	1d8+5 bludgeoning
Repeating Longbow +1	+9	1d8+6 piercing; +1d4 via Kensei's Shot

How Stabby's turn works: He gets 2 attacks with his Attack action, PLUS 1 extra punch as a bonus action (Martial Arts). Spend Focus on **Flurry of Blows** for even more — up to 3–4 hits a turn!

Stabby's Special Moves

Flurry of Blows. Spend 1 Focus as a bonus action to make two extra punches. His big damage button.	Stunning Strike. When he hits, spend 1 Focus to try to stun the enemy (Con save vs DC 13). Fail: stunned until his next turn — huge in a boss fight! Success: the enemy is still slowed (speed halved) and the next attack against it has advantage.
Patient Defense. Bonus action to Disengage for free . Spend 1 Focus to also Dodge (enemies hit him with disadvantage).	Step of the Wind. Bonus action to Dash for free. Spend 1 Focus to also Disengage and double his jump. Super zoomy.
Deflect Attack. Reaction: when hit by a punch/arrow/blade, lower the damage by 1d10+10. If it hits 0, spend 1 Focus to fling it back at another enemy within 5 ft (DC 13 Dex save, 2d8+5).	Agile Parry. After he punches + swings his katana the same turn, he gets +2 AC until his next turn. (House rule: his bonus-action punch counts.)
Kensei's Shot. Bonus action: his next longbow hit this turn deals an extra 1d4 damage.	Slow Fall / Metabolism. Slow Fall: reaction to take 25 less falling damage. Uncanny Metabolism: once a day, when he rolls initiative, regain all Focus + heal 5 + 1d8 HP.
Fury of the Small. When he hits a creature bigger than him (almost everyone!), deal +3 extra damage. He can do this 3 times per long rest — once per turn.	Nimble Escape. He can Disengage or Hide as a bonus action every turn. Slippery little goblin.
Goblin Senses. Sees in the dark 60 ft. Speaks Common, Goblin & Orc.	Fey Ancestry. Goblins have a touch of fey blood: advantage on saves to avoid or shake off the charmed condition.

Stabby's Story

Stabby was born into the Bloodfang Clan, a fierce goblin tribe deep in the twisted woods of Bloodthorn Hollow. In a clan where the biggest goblin wins, little Stabby survived on speed, cunning, and pure chaos — he earned the name Sharpblade after beating a whole group of rival goblins using nothing but a broken sword.

One day he met Master Kaelon Windstep, a graceful monk of the Whispering Breeze Clan. Stabby was amazed by the monk's smooth, flowing fighting style — so different from goblin brawling. He never became calm and disciplined, but he blended those moves into his own wild style: grace plus chaos. Then he left the Hollow looking for adventure... and found Lilly and Ursa, who were chasing magical creatures and enchanted potatoes. Stabby didn't need any convincing — he jumped right in for the fun.

Personality

Bond — His Crew <i>Fiercely loyal to Lilly and Ursa — his first real friends. “They’re my crew — no one messes with them but me.”</i>	Flaw — Reckless <i>Leaps into danger with no plan. “Who needs a plan when you’ve got guts?”</i>
