

Stabby Sharpblade

Goblin • Monk (Warrior of Beast Breathing) • Level 7

The wild one. Stabby is a tiny, lightning-fast goblin who fights with a sun-forged katana and his own two fists. Chaos with a smile, and a breath that burns.

What Stabby Does in a Fight

Attack	To Hit	Damage
Nichirin Katana +2 (new!)	+10	1d10+7 slashing, +2 Force while ignited
Unarmed Strike (fist/foot) (wraps!)	+10	1d8+7 bludgeoning or Force
Repeating Longbow +1	+9	1d8+6 piercing (just a very good bow now)
First Form: Devour (bonus action, 1 Focus)	+10	3d8+9 Force, move 15 ft free first

How Stabby's turn works: He gets 2 attacks with his Attack action, PLUS 1 extra punch as a bonus action (Martial Arts), or spend 1 Focus on **First Form: Devour** for a big 3d8+9 Force strike. That is 3 hits a turn, and Devour gives the Focus back if it drops the target.

Stabby's Special Moves

★ Igniting the Breath. When he rolls initiative, spend 1 Focus to light his breath. It burns until the fight ends. Every hit with the katana deals +2 Force, his Speed goes up 10 ft, and he gets advantage on Dexterity saves.	★ First Form: Devour. Bonus action, 1 Focus. Move up to 15 ft without provoking, then one katana strike for 3d8+9 Force instead of normal damage. If it drops the target, he gets the Focus back. (This replaces Flurry of Blows.)
★ Beast Sense. Advantage on Survival to track, on Perception using smell or hearing, and on Intimidation.	Stunning Strike. When he hits, spend 1 Focus: Con save DC 13. Fail: stunned until his next turn (huge in a boss fight). Success: still slowed, and the next attack on it has advantage.
Patient Defense / Step of the Wind. Bonus action, free: Disengage (Patient Defense) or Dash (Step of the Wind). Spend 1 Focus to upgrade either: Dodge as well (enemies hit him with disadvantage), or Disengage plus a doubled jump.	Deflect Attack. Reaction: when hit by a punch/arrow/blade, lower the damage by 1d10+12. If it hits 0, spend 1 Focus to fling it back at another enemy within 5 ft (DC 13 Dex save, 2d8+5).
★ Empowered Strikes (from level 6). On any Unarmed Strike he chooses Force damage or the normal type. Almost nothing resists Force, so his fists get through what his katana cannot. (His own, not the wraps.)	Evasion (new at 7!) / Slow Fall / Metabolism. Evasion: on a Dex save for half damage, he takes none if he saves, half if he fails. Slow Fall: reaction, 35 less falling damage. Uncanny Metabolism: 1/day on initiative, regain every spent Focus + heal 7 + 1d8. (Save it for when he is hurt.)
Fury of the Small. When he hits a creature bigger than him (almost everyone!), deal +3 extra damage. He can do this 3 times per long rest, once per turn.	Goblin Tricks. Nimble Escape: Disengage or Hide as a bonus action, every turn. Goblin Gifts: darkvision 60 ft; advantage on saves vs being charmed. Speaks Common, Goblin & Orc.

Stabby's Stuff

Nichirin Katana <i>(new! the demon-slayer's blade)</i>	Sun-forged crimson steel, +2 to hit and damage, and it counts as a Monk weapon. Breath-Kindled Steel: it glows blood-red when he ignites. Cleansing Edge: once a turn, when he hits a fiend, undead, shadow thing or anything twisted by planar corruption, that creature cannot heal and cannot hide from him in darkness until his next turn. Attuned.
Candyfang Katana +1 <i>(kept, not carried)</i>	His old candy-striped blade, an heirloom on his belt now that the Nichirin has the job. Not attuned, so no cold rider and no Sugar Rush.
Wraps of Unarmed Power +2 <i>(new! Lilly made these for him)</i>	Cloth hand-wraps she spent the year building, stitched with her own sigils. His fists and feet now hit at +2 to hit and +2 damage. No attunement. <i>(The Force option on his punches is Empowered Strikes, a class feature he already has; the wraps are the +2.) (They do nothing for the katana: this is a punching gift.)</i>
Repeating Longbow +1	A magic bow that makes its own arrows, never runs out. +1 to hit and damage. <i>Lilly built this one for him too, back at level 5.</i>
Sash of the Swift Current (★ Elaria's gift)	Scarlet stage-silk from the Wraithpine chest. +1 AC, +10 speed, plus Air Dance (fly for 1 minute, 1/day) and Feather Fall (1/day). Attuned.
Explorer's Pack	Backpack, bedroll, rope, torches, rations (the usual adventuring kit).

Stabby's Story

Stabby was born into the Bloodfang Clan, a fierce goblin tribe deep in the twisted woods of Bloodthorn Hollow. In a clan where the biggest goblin wins, little Stabby survived on speed, cunning, and pure chaos, he earned the name Sharpblade after beating a whole group of rival goblins using nothing but a broken sword.

One day he met Master Kaelon Windstep, a graceful monk of the Whispering Breeze Clan. Stabby was amazed by the monk's smooth, flowing fighting style, so different from goblin brawling. He never became calm and disciplined, but he blended those moves into his own wild style: grace plus chaos. Then he left the Hollow looking for adventure... and found Lilly and Ursa, who were chasing magical creatures and enchanted potatoes. Stabby didn't need any convincing, he jumped right in for the fun.

Two years of adventuring later, Stabby has fought shadow beasts, swum away from the sinking **Stormwind**, walked haunted **Wraithpine** (where Elaria's chest gave him the **Sash of the Swift Current**), and helped free the clockwork city of **Gearhaven**. When the heroes parted for a year, he went home. He walked into the twisted woods of Bloodthorn Hollow and **burned the blight out of them**, root and all, then climbed the mountain called Kettlecrown, where the **Sunward Vigil** taught him stillness and forged him the **Nichirin**, a blade that burns corruption. He came down a **Warrior of Beast Breathing**, taught the smallest goblins of the Hollow his one-second count, and was offered his father's seat; he said **not yet**. Nobody in the Hollow calls him the runt anymore.

Personality

Chaotic and mischievous <i>Loves trouble, excitement, and stirring things up. Acts first, thinks later (maybe).</i>	Ideal: Freedom <i>"No one tells me what to do." Everyone should live life their own way.</i>
Bond: His Crew <i>Fiercely loyal to Lilly and Ursa, his first real friends. "They're my crew, no one messes with them but me."</i>	Flaw: Reckless <i>Leaps into danger with no plan. "Who needs a plan when you've got guts?"</i>

Fun Facts: Stabby is a boy goblin, age 9, just 2 feet 4 inches tall and 30 pounds, small but mighty! • Green skin, red eyes, green hair. • He carries a creepy little idol that gives him strange dreams. • His old clan, the Bloodfang, are part of his past, and maybe future allies.
